3. ***Reason for Allowance***

The following is an examiner's statement of reasons for allowance:

Applicants have amended the claims limiting to the allowable scope as delineated in the previous office action. The presentation of heteroalkyl having heteroatom in the backbone lacks antecedent basis (see US 5,968,920 col. 4, lines 34-37, or US6,277,989, col. 4, lines 51-53). Applicants authorized the replacement of the term with the term "methoxymethyl, ethoxymethyl or propoxymethyl" which finds antecedent basis in the specification at page 10, lines 6-8, page 11, lines 7-9, page 12 lines 10-12 wherein the explicit heteroalkyl as an alternative substituents is exemplified. Claims 1-3, 5-8, 17-20, 22-25 as currently amended are allowed.
